## ATTENTION, VOTERS!

### SAVE YOUR RECORDS!

To the Voters of Garrard County:

At the general election of 1906, the voters of the County, very unthoughtfully, as we believe, defeated a proposition, then submitted to them, to appropriate money for the purpose of improving and repairing the Court House. They are now asked to vote, for that purpose, an appropriation of \$7,500.00, to raise which, bonds must be issued, the payment of which will be easy, and without any increase of taxation. This will not be an appropriation by the Fiscal Court, but one directly by the people.

Notices of this election are kept standing in our County paper, and posted in many places in the County. But as such matters generally attract very little attention of those who are vitally interested, we have come to the conclusion that it is a serious duty, incumbent on us, as custodians of the County records, as attorneys, and as business men generally—all deeply interested in the preservation of our County records—to issue this address, believing that if the people will give the matter only brief consideration, they will vote and urge others to vote for the appropriation.

The Court House is much out of repair, and is in such condition as to endanger the records therein at all times. The destruction of the building by fire, would inevitably entail the loss of all our valuable records. The vaults are unsafe and damp, and they are badly lighted; they are over-crowded and so located as to render impossible the removal of the records during a fire. They are frail structures and a fire would destroy them beyond doubt.

Every owner of real estate, and every person who has had, or now has, litigation in our Courts, will, upon very slight reflection see that he is vitally interested in voting, and urging others to vote, for this bond issue. The County Clerk's vault is crowded, and over-crowded, with records, the preservation of which is vital to the interests, the peace of mind and the happiness of the people at large. Records of deeds, mortgages, bonds of administrators, executors, guardians, in fact all fiduciaries, and all bonds of every character, records of marriages, tax lists, settlements of trusts and decedent's estates and the records of same on the books of the office, as well as all the records of litigation in the Circuit Court, running back a hundred years, may all be lost in one night by the careless handling of a match; and constant damage is being inflicted by depredations of mice, and the mildewing of our records.

The loss of the Court House could be repaired, but that of our records would not only be a present calamity, but it would be irreparable for all time. Business men with fire proof safes would not suffer like those less fortunately situated.

A gentleman who has suffered by the destruction of a Court House and its contents, who owned thousands of dollars worth of realty in many different parcels in the County, thus rendered thoroughly competent to speak, estimates that the destruction of our records would depreciate the value of realty in the County more than 25 per cent. This is clearly evident on first thought. Every prudent purchaser of real estate, requires an abstract, showing a clear, unencumbered, fee simple title, covering a period of from fifteen to thirty years or more. Any abstract in the calamity supposed would necessarily stop short at the deed in hand—the immediate conveyance to the holder—and many or most of these are lost, mislaid or left in the Clerk's office, and land purchasers would very naturally pass us by and invest in other Counties.

The Court Room is inconveniently arranged for the transaction of business, and is uncomfortable at all seasons, over hot in summer and impossible of comfortable heating at other times when in use.

The Court House belongs to the whole people—it is yours—and you have a right to be perfectly comfortable while in Court as Jurors, as litigants or as spectators interested in the conduct of the business of the County generally.

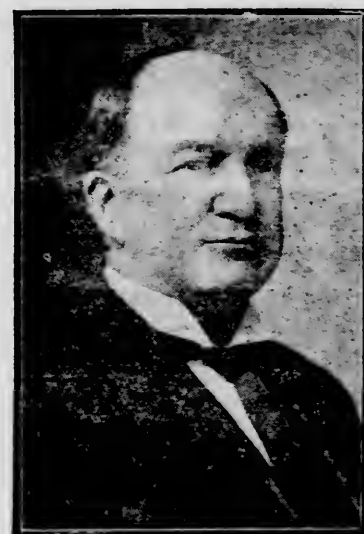

We repeat that this reasonable appropriation requires no increase in taxation, and that you, the people, either vote it or reject it.

Very respectfully yours,

## CENTRAL RECORD

ISSUED WEEKLY. \$100 A YEAR.  
LOUIS LANDRAM, Edr.-Pubr.  
Entered at the Post Office in Lancaster, Ky., as  
Second-Class Mail Matter.  
Member Ky. Press Association.

Lancaster, Ky., October 25, 1907.

### Local Happenings

There will be a pie supper at West Point school house, Saturday night at 7:30 o'clock. The proceeds for benefit of Library. Everybody cordially invited.

A reproduction of Brooklyn Bridge has been made in Haselden Bros' window by Mr Ed Gaines. It is constructed entirely of nails and is attracting much attention.

#### Work Appreciated.

I desire to publicly thank Messrs J I Hamilton, Judge A D Ford, Dave Ross, H T Logan and others for the splendid work they did in bringing about the great success of the democratic rally last Tuesday. With such well-horses pulling, success is bound to be the result of any undertaking. J R Mount, Chm Dem Campaign Com.

#### Printing the Ballots.

Capt J A Doty, Garrard county's efficient county clerk, has given the printing of the ballots to this office and we are now as busy as a bob-tail bull in five-time to get them ready. There are five tickets on the ballot, and when given to the voter in the booth will measure about 15 by 18 inches in size. Its about the size of the presidential ballot. We also have the town ballots to get out, this containing only two tickets, those for councilmen and mayor.

#### Skating Rink at Paint Lick.

The Paint Lick skating rink is proving quite a success, many persons enjoying the invigorating pastime. The rink was erected by Guy Rice, an all-around hustler in that thriving city. It is open every night, instead of twice a week, as published. Saturday night there were 175 skaters on the floor.

#### Ready for Roof.

The brick work on the new Kengalan Hotel is complete and the building is ready for the roof, which Haselden Bros., will have completed very quickly. The carpenters are rushing their end of the work, and we will wager a keg of nails that Messrs Lewis & Glanz will have the building ready by time stipulated in the contract.

#### Good News.

The people of Garrard county will be very glad indeed to learn that Mr George T Higginsbotham, who recently sold his farm, will not leave the county, as was reported. Garrard never had, nor never will have a better citizen or a more honorable, upright man than he, and it is with delight we learn of his intention to remain with us.

#### Mayor Woods Here.

Hon Clarence E Woods, mayor of Richmond, came down with Gov Beckham Tuesday on the special train and was the guest of the editor of The Record. Mayor Woods, who is one of the cleverest fellows in the world, is giving the city of Richmond a clean, good administration, and her citizens should feel proud of the good work he is accomplishing.

#### Old Board Files Petition.

The present board of council—that is with two exceptions—filed their petition to be placed on the ballot Saturday. This ticket is known as "the old board," and is as follows: John M Duncan for mayor, for council, Jno E Stormes, S C Denny, J B Conn, Jno Magee, Thos Austin, L G Davidson. The "new board" was given in a recent issue of The Record. This race promises to grow pretty hot, as do all municipal and school elections.

#### IT'S UP TO THE PEOPLE.

The Odd Fellows Make a Most Liberal Proposition to the People of Lancaster and Garrard Co. It's Now or Never.

At the regular meeting of the Odd Fellows, Monday night, it was found that the lodge could build the opera house—one up to date in every respect and an ornament to the town—provided outside help to the extent of only \$1,500 could be obtained. As has been stated in The Record, the lodge wants to erect a building to cost not less than \$10,000, and that is quite a sum for a lodge in a town the size of Lancaster to raise, but, when you consider the small amount asked to be raised by the citizens, it shows that the lodge is in remarkably good shape financially, and that its members are men chock full of progress, enterprise and a desire to build up the town. Next to a hotel, nothing is of greater help to a town than a first-class opera house—a place in which to hold public exercises and entertainments, to say nothing of the pleasure brought by traveling companies and entertainers of all characters. Now that the Odd Fellows have shown such enterprise, it does seem that the small amount of money needed from other sources should be forthcoming, and that too in a very short time. A committee was appointed to see the people and ascertain what would be done, but it seems to The Central Record that the people should see the committee and not wait to be asked to do something which will bring untold benefit to the town. At the meeting of the Odd Fellows, it was determined to go to work the minute the money was subscribed, as plans can be obtained, in fact they have plans already at hand, and no time will be lost in this respect. Now, lets see how much energy the people will show in this matter—of what they are made. There is enough idle money stored away in banks and other institutions to pave the streets of Lancaster with gold, but this much is not wanted—all needed is merely a drop in the bucket. Lancaster has this opportunity now, and it's the last chance to get an opera house.

#### Dinner 35cts.

Prices of all provisions having advanced so greatly, we are forced to charge 35c for dinner. This is absolutely necessary and we hope our friends will continue to give us their patronage. Ballard House.

Services at Methodist Church. Prayer meeting, Tuesday evenings at 7:15 o'clock. Preaching, the first and third Sunday mornings at 10:45 and every Sunday night at 7:15. Y P M Society meets every Sunday evening at 6:45.

#### New Records.

Herndon's music store (just below Presbyterian church on Danville street) has just received several hundred new records for both the Edison and Victor machines. They are the latest and you should hurry and get first choice, as they are going rapidly.

#### Joe Rice Killed.

Joe Rice, well-known to many people here, was killed by his brother-in-law, Chapman, at Hedgeville Friday night. Young Rice was stabbed with a knife. He resided in Lancaster for a time and had a number of friends here. The remains were interred at Stanford.

#### Meeting at Bethel.

Eld F M Tinder, who is conducting a meeting at Bethel phones us that he will close Friday night and fill his pulpit in Lancaster Sunday morning and evening at usual hours. He has been preaching at Bethel a little more than a week and has had sixteen additions to the church.

#### Real Estate.

Hughes & Swinebroad report the following sales: J S Johnson, Sr., hand some brick residence and 90 acres of land on Richmond pike, to J B Sandusky, of Monticello, for \$12,500; Mark Goins 94 acres of land to R L Smith, at \$60 per acre, and Andrew Hogle 57 acres to Talton May at \$70 per acre.

#### Fine Entertainment.

Miss Nannie Barbee will give an entertainment at Presbyterian church Monday evening, the 28th, at eight o'clock, for the benefit of missions. Miss Barbee is an entertainer of rare ability, and a large audience will be present. Tickets are on sale at all the drug stores. Admission 35cts, children 25cts.

#### Successful Meeting.

Rev C C Brown, of the Presbyterian church, returned from Harlan county, Saturday, and, in his sermon, Sunday, told of the great need of Christian workers in that section and also of the vast amount of good being done there. The marked improvement in conditions in the mountains of Kentucky is due, unquestionably, to the work of the Christian missionaries sent there. No one should hesitate to contribute to home missions, every denomination being given an opportunity to do so.

#### Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of to-day; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by E E McRoberts drug store 50c and \$1.00. Trial bottle free. 1m

#### A ROUSING WELCOME.

Kentucky's Chief Executive, and Hon Ollie James Given a Warm Welcome in Lancaster. A Big Crowd, Good Order and Much Oratory.

Gov Beckham certainly should feel proud of the warm reception given him by the people of Lancaster and Garrard county last Tuesday. While his mission was to deliver a political speech, yet the people, irrespective of party affiliation, turned out and let the young executive know that they appreciated him and wanted him to feel at home. The democratic campaign committee had everything arranged to perfection, and Gov Beckham was met at the train by one of the most enthusiastic delegations we ever saw. A procession was formed and escorted Gov Beckham to the graded school where he made a fine address to the pupils. The procession was headed by Perryville brass band. Next came the M D Logan Camp of Confederate Veterans, among them being several Union soldier democrats. Then came the carriage containing Gov Beckham, J R Mount, chairman of the campaign committee, and Misses Katie Conn and Katharine Walter. Then came horsemen and many on foot. At conclusion of address at the school, Gov Beckham was driven to the residence of Mr Mount where he was entertained at dinner. In the meantime, Mr J I Hamilton had the many colored waiters preparing the burgoo, and at twelve o'clock the great crowd was invited to the Park, where the toothsome burgoo and light bread was served bountifully. When the hour for speaking arrived, it would have been absolutely impossible for another person to wedge into the court house. There were many ladies present. Gov Beckham was introduced by Mr Mount. In a few well-chosen remarks, and delivered a telling speech for his party ticket. At conclusion of his address, Hon J M Rothwell introduced the big congressman, Hon Ollie James, who kept the audience in an uproar of laughter and cheers as only Ollie James can do. During the entire day, there was not the slightest disorder, and to the credit of Lancaster let it be said, there was not a drunken man in the town. Gov Beckham has many friends in Lancaster, both democrats and republicans, and all tried to make his stay pleasant. He told us he had never been more hospitably received, and that he deeply appreciated the kindness extended by the Lancaster people.

A meeting of M D Logan Camp will be held at court house Monday at ten o'clock. Business of importance. J H Arnold, Comdr.

#### Gov Thorne Coming.

Lieut Gov W P Thorne will address the citizens of Paint Lick Saturday, the 26th, at 1:30 P M, and will also speak at the court house that night at 7:30.

#### Dr Rosebery, Osteopath.

Office at G M Patterson's residence, Richmond street. Will be here Tuesdays, Thursdays and Fridays of each week. Consultation and examination free. All diseases and ailments treated. 11 25 tf.

Prof Lippard wants the names of all students wishing to enter Business College here sent to the Recorder at once. Dont miss this opportunity, nothing pays like a business education. Its at your door. Act now. 10-25 3t

#### Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by McRoberts Druggist. 25c. 1m

#### Where is Deed to Your Land?

Now you think that is a foolish question to ask, for everyone knows it is recorded in the clerk's office in the Garrard county court house. Well, so far so good, but let The Record ask you one more question: "Is the book in which it is recorded placed where it cannot be destroyed by fire?" Don't know, do you, unless you have examined the vaults? Well, let us tell you that every record and paper in the Garrard county court house might as well be filed away in some fellow's barn or hen house, for there is absolutely no fire protection at present. The vaults have become so dilapidated that the door of one has fallen down. Now, wouldn't that put you to thinking? How can you make a title to your property? How can you collect your mortgages? How can you get the papers in law suits? How can you sell your land, if the old hull of a court house should catch fire and burn? IT WILL NOT INCREASE TAXATION one copper to vote for the bonds to put the building in habitable and safe condition. Under these conditions can anyone have the "face" to talk against the proposition? We dont see how they can.

#### His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W B Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E E McRoberts Druggist. 50c. 1m

PILES get immediate relief from Dr. Sheep's Magic Ointment.

### In Memory.

Never was this community more shocked, than when on the morning of Sept 24th, the news came that John Leavell and Ben Marsee had been found dead in bed at a hotel in Hamilton, O. On the previous Sunday they had gone to Cincinnati with a party of young people from this neighborhood and after spending a jolly day, came to the station to see their crowd off for home they concluding to go on to Hamilton. They arrived there about 1 a m went immediately to the room assigned them where they were found, some time next day, dead, due to asphyxiation.

John Leavell was 28 years of age, the second son of Mrs Susie Kavanaugh Leavell. He was a fine young man, industrious, upright, of splendid appearance, a true friend, in religious belief, a Presbyterian. He numbered his friends by the score. This family has surely been passing under the rod of affliction. For the past two months they have had a scourge of typhoid fever, the mother not being sufficiently recovered to attend the burial.

Ben Marsee was 19 years old, the eldest child of Mr and Mrs Noah Marsee, and a splendid boy in every way—general, bright and companionable, he made friends wherever he went. He was a member of the Baptist church.

Both having come from such well-known families, they leave a host of relatives and friends to grieve for them. Rarely has such gloom overspread our community, and many eyes unused to weeping shed tears over these two, cut down in young manhood. A large concourse followed the remains to Lancaster's city of the dead, where, after appropriate ceremonies, we left these two—friends in life, comrades in death—under a coverlet of sweet flowers sleeping in calm repose, to await the day when the grave gives back our dead and we shall see them as they are. "God doeth all things well." Trust Him. \*\*\*
